

LEGACY GIVING AT SILVERA

When you leave a legacy gift to Silvera for Seniors, you give generations of older Calgarians the opportunity to live their best lives.

Calgarians are living longer than ever before. Some may wonder whether they will be able to secure an affordable home with services to live out their longer lives.

When you give a legacy gift to Silvera, you provide residents – current and future ones – opportunities and a sense of home they may not otherwise have.

Planned gifts may be through a bequest, a life insurance policy or other planned giving options. A well-planned legacy gift can provide you or your estate with substantial tax savings and financial benefits.

silvera.ca

A legacy gift directed here will put you in the company of remarkable people who have seen the need to prioritize seniors.

One such person is Dr. Leonard O. Bradley, Silvera's founder. His legacy to support Calgary seniors lives on – and yours can, too.

Leave a charitable legacy that reflects your personal values

Thank you for considering our Legacy Giving program. We would be happy to speak with you or your trusted advisors about how your legacy will ensure older Calgarians live their best lives with Silvera.
