

Bow Valley outbreak update 6 – Friday, Sept. 24, 2021

This information is current as of Sept. 24 at 9:42 a.m.

Hello Bow Valley residents and primary contacts,

Current status

The total number of active resident and employee cases of COVID-19 at Bow Valley remains at one. We'll let you know if that number changes.

Category of case	Residents	Employees
Current active	1	0
Cumulative recovered	0	0

We continue to take direction from Alberta Health Services in terms of outbreak status and isolation requirements.

Reminders this weekend

- We strongly request that all visitors be fully vaccinated. Vaccination status can be shown at the Reception desk during the health screening process. If you are unvaccinated, outdoor visits or virtual visits are the best option. Visitors and residents must wear masks during both indoor and outdoor visits.
- Please contact Reception to schedule indoor visits.
- Silvera employees are monitoring resident temperatures twice daily as per recommendations from Public Health.
- Smaller Active Aging group programs are still moving forward for vaccinated residents who are masked and distanced.
- If you have an essential medical appointment scheduled, inform the provider you are coming from a community in confirmed outbreak.
- Self-monitor for symptoms, let an employee know if you are symptomatic.

Our next update will be on Monday. Have a great weekend!

Peter Lawrence, Community Manager on-call (plawrence@silvera.ca)
