

# Investor Strategy *Worksheet*

Your age, the number of years before you retire and how you feel about risk will determine your investor style. Once you know your investor style, you can choose funds to invest your retirement savings.

To determine your investor style, answer each of the following eight questions. Your total score will correspond with one of five investor styles – conservative, moderate, balanced, growth or aggressive.

## Determine your investor style **To Do!**

Circle one answer for each question.

Write your score – shown in brackets at the end of each answer – in the box to the right of each question.

Tally the scores you record for each question to get your total.

**Your total score:**

## Match your score to an investor style below.

If your score is between...	Your investor style is...	About your investor style
0 – 7	Conservative	Protecting your money is your chief concern. You may be approaching retirement, or simply prefer to take a cautious approach to investing and preserve your money.
8 – 22	Moderate	You want a balance between growth and security although you will accept some risk to have the potential for higher returns over time.
23 – 37	Balanced	You want a balance between growth and security although you will accept some risk to have the potential for higher returns over time.
38 – 48	Growth	You want to increase your money and are somewhat comfortable riding the ups and downs of the market in exchange for the possibility of higher returns over the long term. You may have time on your side until you retire.
49 – 56	Aggressive	You want to maximize the long-term growth of your retirement savings. You understand the ups and downs of the markets and are comfortable taking a lot of risk to maximize potential returns. You have plenty of time to wait out market cycles until you retire.
