

Shawnessy Community Outbreak Update 1 – Sunday, January 2, 2022.

This information is current as of January 2, 2022, at 12:00 p.m.

Hello, Here’s today community Update

Current status

The total number of active resident and employee cases of COVID-19 at Shawnessy is now 3.

We are awaiting further information from AHS regarding testing of residents and staff. We will inform you when we are told when testing will occur.

Category of case	Residents	Employees
Current active	2	1
Cumulative recovered	0	0

We continue to strictly follow all outbreak protocols to mitigate risks within Shawnessy community

Friendly Reminders

- Please continue to self-monitor each day for any COVID-19-like symptoms. Should you have any, advise a Shawnessy employee or call reception at 403.256.4036.

Fever	Cough
Shortness of Breath	Runny Nose
Sore Throat	Chills
Painful Swallowing	Feeling unwell/fatigued
Nausea/Vomiting/diarrhea	Unexplained loss of appetite
Muscle/joint aches	Headache
Conjunctivitis (commonly known as pink eye)	

- Keep wearing your masks when someone comes to your door and/or enters your suite, and when you are outside of your suite. Your mask should cover your nose, mouth and chin.
- We value residents' cooperation in maintaining physical distance and wearing masks whenever needed, including those who take smoke breaks.

I remain available to discuss your questions and concerns. You can contact me directly at hghoneim@silvera.ca or 403-519-4522

If you would like to speak with your Resident Support Coordinator (RSC), please email rsc@silvera.ca. A Silvera employee or reception can also place a referral for you or a family member.

If there are no changes, our next update will be sent Tuesday, January 4, 2022.

Thank you for your continued goodwill and vigilance.

Hanan Ghoneim, Community Manager
