

Shawnessy outbreak update 7 – Monday, Jan. 17, 2022

This information is current as of Jan. 17 at 11:15 a.m.

Hello Shawnessy residents and primary contacts.

Current status

The total number of active resident and employee cases of COVID-19 at Shawnessy remains at seven.

Category of case	Residents	Employees	Contractors
Current active	4	2	1
Cumulative recovered	4	3	0

Three new positive resident cases were reported after testing last week. Two additional employees have tested positive.

Updates

- Any residents who have a positive case of COVID-19 or who are symptomatic are isolating in their suites.
- We anticipate another round of testing all residents will take place. We will let you know once timing is confirmed.
- Public Health passed Shawnessy during a health inspection that was completed last week. Health inspections are performed any time a community goes into outbreak.
- A COVID-19 booster clinic is scheduled at Shawnessy on Jan. 28. We have informed anyone who is eligible.

Today's reminders

- As Shawnessy is still in outbreak, we strongly recommend limiting your excursions outside the community, including to medical

appointments. You may wish to consider asking family and friends to help with delivery if you need groceries or medication.

- Residents who are **not** isolating or suspected to be ill are free to use common areas. Please continue to distance from others and to always wear a mask covering your chin, mouth and nose when outside of your suite, or anytime anyone is inside your suite, including Silvera employees or health care aides.
- Visitors are still permitted for non-isolating residents. Virtual visits are available for isolating residents – please contact Reception.
- Please self-monitor for any COVID-19, cold or gastrointestinal symptoms and report them to Reception: 403-256-4036.
- If you have an essential medical appointment scheduled, please inform the healthcare provider that you are coming from a community that is in a Confirmed COVID-19 Outbreak.

We will send another update later this week.

Thank you for your patience and goodwill,

Hanan Ghoneim, Shawnessy Community Manager, hghoneim@silvera.ca
