

Shawnessy outbreak update 2 – Monday, April 11, 2022

This information is current as of April 11, 2022, 12:48 p.m.

Hello Shawnessy community residents and primary contacts:

The current number of active resident cases of COVID-19 at Shawnessy is three.

Category of case	Resident cases
Current active	3
Cumulative recovered	0

Alberta Health Services has confirmed they will only test residents with symptoms. All symptomatic and positive residents are isolating.

Please monitor yourself twice daily for the following COVID-19 symptoms and, if you have any, isolate in your suite and call reception: 403-256-4036.

Fever	Chills
Cough	Muscle/joint aches
Shortness of breath/difficulty breathing	Nausea/vomiting/diarrhea/unexplained loss of appetite
Runny nose	Feeling unwell/fatigued
Nasal congestion	Headache
Sore throat	Loss of sense of smell or taste
Painful swallowing	Conjunctivitis/pink eye

Please wear a medical-grade (not cloth) mask anytime you are out of your suite or if anyone is in your suite, including visitors, home care, housekeeping and maintenance employees. Please ensure your mask covers your nose and chin.

Reminders:

- Activities continue but are limited to 10 people with masks.
- Enhanced cleaning protocols are in place.
- Visitors for non-isolating residents are permitted to enter the building.
- If you have a medical appointment scheduled, please inform the healthcare provider you are coming from a community that is in a Confirmed COVID-19 Outbreak.
- All outbreak protocols are activated; the AHS screening procedures at the community's entrance and the daily health checks remain in place; and all employees continue to wear personal protective equipment.

We appreciate your attention to continue following outbreak protocols. Please be vigilant -- COVID-19 is still with us and new variants are very transmissible.

We will provide more information as it becomes available.

Thank you for your understanding and cooperation.

Hanan Ghoneim, Community Manager, hghoneim@silvera.ca
