

Shawnessy outbreak update 3 – Thursday, April 14, 2022

This information is current as of April 14, 2022, 12:48 p.m.

Hello Shawnessy community residents and primary contacts:

The current number of active resident cases of COVID-19 at Shawnessy remains at three.

Alberta Health Services (AHS) will be performing PCR testing for residents who are symptomatic or have received a positive result from a rapid test. We are waiting for confirmation from AHS on the testing date. All symptomatic and positive residents are isolating.

Reminders:

- Please monitor yourself twice daily for the following COVID-19 symptoms and, if you have any, isolate in your suite and call reception: 403-256-4036.
- Please wear a medical-grade (not cloth) mask anytime you are out of your suite or if anyone is in your suite, including visitors, home care, housekeeping and maintenance employees. Please ensure your mask covers your nose and chin.
- Enhanced cleaning protocols are in place.
- If you have a medical appointment scheduled, please inform the healthcare provider you are coming from a community that is in a Confirmed COVID-19 Outbreak.

We will provide another update early next week.

Thank you for your patience and cooperation. Wishing you a wonderful Easter weekend!

Hanan Ghoneim, Community Manager, hghoneim@silvera.ca
