

Shawnessy outbreak update 5 – Tuesday, April 26, 2022

This information is current as of April 26, 2022, 12:08 p.m.

Hello Shawnessy community residents and primary contacts:

The current number of active resident cases of COVID-19 is now 11.

Category of case	Residents	Employees
Current active	11	0
Cumulative recovered	9	1

Today's reminders

- It is crucial that all residents monitor themselves twice daily for COVID-19 symptoms. If you have any symptoms, please isolate in your suite and call reception: 403-256-4036.
- Rapid tests are available at Reception. These tests can only be administered by residents themselves or by their family members.
- We will continue to request that Alberta Health Services performs PCR tests on symptomatic residents or any residents who have tested positive with a rapid test.
- Please wear a medical-grade (not cloth) mask that covers your nose and chin anytime you are out of your suite or if anyone is in your suite.
- We continue with enhanced cleaning protocols.
- If you have a medical appointment scheduled, inform the provider you are coming from a community that is in a Confirmed COVID-19 Outbreak.

We will provide another update later this week.

Thank you for your continued patience and cooperation,

Hanan Ghoneim, Community Manager, hghoneim@silvera.ca
