

Confirmed COVID-19 Outbreak declared at Aspen community

This information is current as of May 20, 2022 at 1:00pm

Hello Aspen residents and primary contacts:

Today, Alberta Health Services declared Aspen community to be in a Confirmed COVID-19 Outbreak. Three (3) residents have tested positive for COVID-19. Positive and symptomatic residents are isolating in their suites.

Actions underway

- We are working with Alberta Health Services to arrange testing for symptomatic residents or those with a positive result from a rapid test. We do not yet know when this will take place.
- Please monitor yourself for the following COVID-19 symptoms and, if you have any, isolate in your suite and inform Reception:

Fever	Chills
Cough	Muscle/joint aches
Shortness of breath/difficulty breathing	Nausea/vomiting/diarrhea/unexplained loss of appetite
Runny nose	Feeling unwell/fatigued
Nasal congestion	Headache
Sore throat	Loss of sense of smell or taste
Painful swallowing	Conjunctivitis/pink eye

- Wear a mask if you are outside your suite or if anyone is in your suite, including visitors, home care, housekeeping or maintenance employees.
- All outbreak protocols are activated and employees continue to wear personal protective equipment.
- If you have a medical appointment scheduled, please advise their office you are coming from a community in Confirmed COVID-19 Outbreak.

We will provide more information as it becomes available. Thank you for your understanding and cooperation.
