

Consider Silvera

Your place to make home

You likely have many questions

Whether you're just curious, possibly interested or prepared to move soon, we're here for you.

We'll explain the easy, step-by-step process to finding your next home. Learn more about our communities and all they have to offer.

We offer both competitive market rents and affordable living communities.

Our affordable living communities offer rents that are either geared to your income or a percentage below the current market rate. These units are income tested.

By contrast, our competitive rents are not income tested. We would be happy to showcase these units for you upon request.

Perhaps you would like a tour. We would be pleased to arrange this for you.

When you're ready to find out more about how we might be a good fit, please get in touch with us.

We'll respond in the way you'd like -- by phone, email or in person.

Thank you

We appreciate that you are considering a Silvera community as your next home.

Decisions about where you or a loved one will live are important. The Silvera team is ready to help.

We'll make it as easy as possible for you to determine whether a Silvera community is right for you at this time or in the future.

This booklet provides basic, introductory information. At your request, one of us would be happy to help you find out more about the Silvera experience.

We are here to help.

We are a non-profit organization serving a variety of independent older adults with choices in housing to meet their financial and lifestyle expectations.

Silvera residents are diverse and have varied needs. We provide housing for individuals of modest means and those who are able to select a well-priced market community.

At our well-priced market communities, rents and fees are not tied directly to individual income levels but are nonetheless priced below the cost of similar settings.

Home care is welcome in all our communities and is delivered daily to many residents by partners, including Alberta Health Services. Our employees are not health-care aides and do not deliver care services.

In partnership with AHS home care, our Beaverdam community offers memory-care support to residents who have early-stage dementia and yet can still live independently. In addition, at our Shawnessy community, we offer specialized suites for residents with limited mobility.

What makes us unique

We know you have choices about where you make your next home.

What makes Silvera different from the alternatives?

For more than 60 years we have been a non-profit organization with the mandate to provide high-quality housing and services to Calgary seniors.

We offer housing that supports people of varying ages and incomes. We encourage everyone to call us and we will guide you through what type of housing is the best fit for YOU.

We are purpose-driven; we help people live their best lives. We are people-centred; we celebrate the uniqueness and independence of each person. And, we are values-based; our actions are founded on accountability, honesty, relationships and innovation.

We rely on many partners, including government funders, community donors, volunteers, and community-based service providers to create a vibrant and caring community for you to live fully and age successfully.

Take things one step at a time

We work individually with each person through the easy steps of our welcoming and assessment process.

1. **Gather information** - Browse our website at silvera.ca. Call or email our friendly Community Living team. We'll provide you with introductory information and respond to your specific questions.
2. **For rentals that are income tested, submit an application for assessment.** Access to Silvera's subsidized communities is based on a needs assessment, not on a first-come, first-served basis. You will receive a priority score, which takes into account your circumstances, needs and preferences, including:
 - your income;
 - the degree to which you are capable of independent daily living;
 - the suitability of your current living situation and the time frame in which you would be able to move; and
 - your willingness to consider more than one location.
3. **You will need to complete or submit the following:**
 - either your prior-year Notice of Assessment or the four most recent months of bank statements and your prior-year tax slips;
 - your functional assessment (completed by your health-care provider); and
 - your application form.
4. **Meet-and-greet with tour** - Tour the community and make sure this is the right fit for you.
5. **Receive an offer from us** – After we consider these factors and take your needs and preferences into account, we may offer you one or more communities to choose from.
6. **Decide to move in (or withdraw your application)** – After we make you an offer, the choice is yours.

Our purpose:
Live your best life.
